📍 Narsingdi, Dhaka, Bangladesh

Career Objective

Computer Science and Engineering graduate with hands-on experience in web development, networking, and IT infrastructure. Skilled in React.js, JavaScript, Git, TCP/IP, routing, switching, and subnetting. Seeking an entry-level Software Engineer, Network Engineer, or IT Support role to apply technical skills, contribute to organizational success, and gain professional experience.

Technical Skills

Frontend: Next.js, React.js, Vue.js, TypeScript, Tailwind CSS, HTML5, CSS3

Networking: Cisco Packet Tracer, TCP/IP, IPv4 & IPv6, DNS, Routing & Switching, Subnetting & IP Addressing, OSPF & BGP (Basic), Networking Fundamentals

Programming: JavaScript (ES6), C, C++, Java, PHP, Python

Tools: Git, GitHub, VS Code, Cisco Packet Tracer, Microsoft Office, LaTeX, Claude AI, Figma, Netlify, Vercel

Other: Analytical Thinking, Problem Solving, Team Collaboration, Communication

Professional Experience

9AM SOLUTION

Frontend Developer Intern

Dhaka, Bangladesh

Nov 2025 – Jan 2026

- Contributed to the development of 3+ client websites using HTML, CSS, JavaScript, and React.js.
- Built 5+ reusable and responsive UI components using React.js and Tailwind CSS, improving development efficiency and design consistency.

Projects

Event Management Platform

React.js, Firebase Authentication, JavaScript, Tailwind CSS

[Live](#) | [GitHub](#)

- Built a responsive event management platform with user authentication and protected private routes.
- Integrated Firebase Authentication for secure user login and session management.
- Applied real-time event browsing and event discovery features.
- Designed and developed a modern, mobile-friendly user interface.

Small Office Network Infrastructure

Cisco Packet Tracer, Routing & Switching, TCP/IP

[GitHub](#)

- Created a small office network connecting multiple departments through routers and switches.
- Configured IP addressing, subnetting, and inter-network communication.
- Implemented centralized server access and network printer sharing.
- Tested connectivity and routing using Cisco Packet Tracer simulation.

Emergency Service Directory

HTML, CSS, JavaScript, Local Storage

[Live](#) | [GitHub](#)

- Developed a responsive emergency service directory using HTML, CSS, and JavaScript.
- Enforced one-click call and copy-to-clipboard functionality for emergency contacts.
- Added call history tracking using Local Storage for improved usability.
- Designed a user-friendly interface optimized for both mobile and desktop devices.

Education

B.Sc in Computer Science and Engineering
Green University of Bangladesh

2022 – 2026
CGPA: 3.33 / 4.00

Languages

Bengali (Native), English (Intermediate)
